**SALE LOCATION: Valentine Livestock Auction sale facility
126 N. Government, Valentine, NE 69201 • (402) 376-3611**

DIRECTIONS: From the Junction of Hwy. 20 and Hwy. 83, go to N. Government Rd. and you will see the sale facility signs.

Cattle will be available to view on Monday, February 27th at Valentine Livestock.

ACCOMMODATIONS:

Niobrara Lodge • (402) 376-3000
803 E US 20 Hwy., Valentine, NE
Comfort Inn • (402) 376-3300 • 101 S. Main St., Valentine, NE
Super 8 • (402) 376-1250 • 223 E. US 20, Valentine, NE

TERMS AND CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

LIABILITY: All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and the sale staff assume no liability for property loss or any accident that may occur.

HERD HEALTH: All cattle will be accompanied by proper health certificates for immediate shipment.

BULL VETERINARIAN: DVM Chris Finney of Ainsworth, NE (402) 387-2311.

TRUCKING: Truckers believed to be reliable will be available to assist you in shipping your purchases.

LIVESTOCK MORTALITY INSURANCE: To properly insure your investment, James F. Bessler, Inc. and/or Ag Authority will be available to assist you with mortality insurance coverage.

SUPPLEMENTAL INFORMATION: A supplemental sheet will be available sale day with complete and up to date calving information. Announcements from auction block regarding the cattle selling in this sale take precedence over information listed in this sale book. Up-to-date genetic recessive status can be viewed online at www.angus.org.

FOOD AND REFRESHMENTS: Available sale day.

Visit the *Angus Journal*® Web site, www.angusjournal.com, and view this sale book online. *References: American Angus Association*®, *AHIR*®, *AngusSource*®, *CAB*®, *Pathfinder*®. EPDs current as of January 20, 2017. Updated EPDs can be viewed online at www.angus.org.

Pasture View will be retaining a 1/3 semen interest in all the bulls. Full possession and full salvage value sells on all bulls unless otherwise noted.

This sale will be broadcast live on the internet.

Real time bidding & proxy bidding available.

COMMENTS FROM THE SALE MANAGER:

It is a pleasure to be working with Dave and Dawn Cox along with Grant and Tamee Bedel and the rest of the crew at Pasture View Angus on this outstanding Angus event. As you flip through the sale catalog you will find an elite set of Angus genetics backed by breed leading AI sires and the most prominent cow families. The cattle in this sale excel in calving ease, continued growth, weaning and yearling with excellent maternal genetics, added value and carcass characteristics.

These bulls are big, stout, rugged bulls with lots of performance and power and are service-age ready bulls that continue to thrive for the commercial cattleman and seedstock producers throughout the country. You will not find a finer program to be in business with as Pasture View Angus is dedicated to their customers and always stand behind their cattle 100%.

Please plan to be with us on Thursday, March 1, 2018 in Valentine, Nebraska. If you have any questions, please feel free to contact the farm or the American Angus Hall of Fame at 816/532-0811.

Sincerely,

Tom Burke

Welcome to our 7th Annual Bull Sale.

We are excited to bring you another set of big, stout, athletic ET and AI bulls out of some of our best cow families. We think the quality is deep this year. I hope as you appraise these bulls you will feel the same. Once again we want to bring bulls to you to improve your weaning weights and profitability each year with some ability to retain some fabulous heifers.

We continue to select AI sires that are consistent in structure, phenotype and performance.

All bulls will be semen checked and ready to go. We are offering \$100 discount for picking up your bulls sale day. We would ask the remaining bulls be delivered within 10 days of the sale.

I would like to thank the Williams Family for their continuing support and participation.

I would also like to thank Greg Arndt and his staff for their enthusiasm and support each year.

Last but not least we want to convey our sincere appreciation for those that have continued supporting us in our past sales.

You can succeed best and quickest by helping others to Succeed!

Join us March 1st for lunch & sale.

Dave Cox

P.S. Call with any questions or comments

BENEFITS OF SELECTING PASTURE VIEW BULLS

BID ON THE PHONE

We understand that our customers have schedules that from time to time will not allow them to be with us on sale day and we also respect that many of our customers feel more comfortable talking with someone directly involved in the program so therefore if you are unable to attend the sale and would like to bid on the telephone, feel free to call any of the sale staff, Dave Cox 309/369-7400, Grant Bedel 309/212-2493 or Jeremy Haag at 816/516-1309.

SIGHT UNSEEN PURCHASE GUARANTEE!

We offer 100% satisfaction guarantee on all sight unseen purchases and are more than happy to go through the sale book and discuss the bulls individually with you so that you can be assured you are selecting the genetics that best fit your program's goals.

EMPHASIS ON A BULL - WHY SO MUCH EMPHASIS ON BULLS?

Bulls have the greatest economic impact on any breeding program and bull selection is one of the most important decisions and investments that a cattleman makes during the course of a year. A bull sires 20-40 calves each year, while a cow produces half or less than this many offspring in her entire lifetime. For the most part, herd improvement comes from bulls. It has been estimated that 80% of herd improvement is directly attributed to bull selection.

WHY BUY A REGISTERED ANGUS BULL?

Because they are documented for ancestry, performance and genetic defects while having up-to-date EPDs and performance information available to cattlemen. They also add value and credibility to the individual and the program you select your genetics from.

VOLUME DISCOUNT

- \$100 Per Head Discount on purchase of two to four bulls purchased over \$3,000.
- \$150 Per head Discount on purchases of five or more bulls purchased over \$3,000.

Free delivery to Nebraska and neighboring states will be provided and nationwide on purchase of \$5,000/bull.

PASTURE VIEW GUARANTEES

BREEDING GUARANTEE:

We guarantee all bulls sold by Pasture View Angus are fertile to the best of our knowledge and have passed a Breeding Soundness Exam 30 to 45 days prior to the sale and all paperwork by a certified veterinarian will be provided. Although all bulls have passed their BSE, we know problems can arise after you receive your bull. To help ensure your investment, Pasture View Angus will guarantee all bulls selling against breeding injury, and be sound breeders for the first breeding season. Breeding season is defined as the 90-day period following turnout of the bulls. We do reserve the right to a second opinion by a veterinarian of our choice and need to be notified before any action is taken. We will provide you with a satisfactory replacement, if available, or issue a credit equal to the bull's purchase price minus the salvage value received for your bull. This is not a life insurance policy, however. We will not replace a dead animal if it is killed or dies for any reason.

BULL DEVELOPMENT:

- Pasture View Angus bulls are developed with fertility, longevity, and soundness in mind.
- Pasture View Angus bulls are fed a high-roughage diet and slowly developed.
- Pasture View Angus bulls are genetically diverse to fit all breeding scenarios.
- Pasture View Angus bulls are developed in large contemporary groups.
- Pasture View Angus bulls are culled for bad feet and bad dispositions.

SUGGESTED SALE TERMS & CONDITIONS

American Angus Association • Effective February 21, 2014

*These Suggested Sales Terms and Conditions have been drafted for optional use by sellers in multiple types of transactions including auctions, internet auctions, private treaty sales and private treaty sale "bid offs." Whether to use them as drafted, as modified, or not at all, is left to the independent business judgment of every seller. They are for sellers' consideration and voluntary use.

TERMS OF SALE

Announcements

1. If there is any inconsistency in the terms of any sales materials, including sale books, supplement sheets or day-of-sale announcements, (i) the day-of-sale announcement will control over both the supplement sheet and the sale book, and (ii) the supplement sheet will control over the sale book.

Cash Sale

1. All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale.

Buyer's Risk at the Time of Sale

1. The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs sooner.

Identification Responsibilities

1. Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (e.g., tattoo, hot-iron brand or freeze brand) corresponding to its registration.
2. The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies or irregularities to the seller immediately.
3. In those cases where a nickname is used by the seller, the nickname must also be accompanied by the official registered name and number of the animal.

Certificates of Registration

1. A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment.

Artificial Insemination (AI) Service Certificates

1. AI Service certificates will be the responsibility of the buyer unless otherwise specified by the seller.

GUARANTEES

Health

1. Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

Conformance with Registration

1. The seller guarantees that all sold animals are registered in accordance with the rules of the American Angus Association.
2. The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of the American Angus Association.
3. The seller guarantees to the buyer that with respect to all females exposed to multiple service sires, each such service sire will have parentage markers on file with the American Angus Association. (As adopted February 21, 2014)

Pedigree, Performance and Genetic Information

1. The seller guarantees to the buyer that the pedigree, performance data and genetic information, as represented in any sales materials (including any sale book, supplement sheet or day-of-sale announcement), are accurate. The seller shall provide "as of" date for all information from the American Angus Association database.
2. The absence of any such designation on the pedigree of an animal, as set forth in any sales materials, does not establish that the animal in question is not a carrier of any such genetic factor.
3. In those cases where a commonly understood nickname is used by the seller, the seller guarantees the pedigree of the animal based on the commonly understood nickname.

Sex

1. Unless otherwise represented by the seller, there are no guarantees that offspring will be of a particular sex.

Breeding Guarantees

1. The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; and (d) animals subjected to gross negligence by or willful misconduct on the part of the buyer.
2. The seller guarantees that all bulls are breeders for a period of 90 days following the initial turn out with buyer's herd, but only if such bulls are at least 12 months old at the time of sale and have not been allowed to run with the herd until at least 14 months of age. A bull that settles a cow by natural service and passes a fertility test performed by a competent veterinarian or reproductive technician mutually agreed upon by the buyer and the seller will be considered a breeder. Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.
3. Cows with calves at their side are presumed to be breeders with no further fertility guarantee.
4. "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation).
5. "Served" females are not guaranteed to be in calf.
6. "Pasture-bred" females have been exposed but are not guaranteed to be in calf.
7. "Open" females are guaranteed by the seller to be without calf.
8. Donor females:
 - a. Unless otherwise agreed by the buyer and the seller, a female that has been used in an embryo transfer program is not guaranteed to be a breeder after the date of the sale.
 - b. Unless otherwise agreed by the buyer and the seller, a female is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.
9. The seller makes the following guarantees with respect to all "pregnant recipients": (i) that the female is pregnant, (ii) that the resulting calf is of the pedigree represented, and (iii) that the resulting calf is of the sex represented (if so represented).

Semen

1. Unless otherwise agreed by the buyer and the seller, with respect to the sale of semen the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

Embryos

1. Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

Privileges of Return or Adjustment: Options

1. With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.
2. Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller

within 180 days following the sale of the animal in question.

3. If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim.

Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4. If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of the sale.

5. If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of sale.

6. If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. The Seller is responsible for all transportation expenses.

7. White skin or hair must not be painted or altered. If such painting or alteration has occurred, the buyer may return the animal to the farm of the seller for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer.

8. If an animal is sold and subsequently becomes ineligible for registration under the rules of the American Angus Association for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

9. If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

10. If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

11. Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

Disclosure or Retention of Genetic Materials

1. If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

GENETIC CONDITIONS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL.

1. In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of (1) any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by the American Angus Association) as a carrier of any genetic conditions recognized by the American Angus Association, and (2) whether the animal has a potential carrier designation on its pedigree for any genetic condition that is recognized by the American Angus Association.

Optional Guarantee: Genetic Conditions

1. The buyer and seller may determine the scope and duration of a guarantee, if any, on an individual basis. The seller may, but is not required, to provide a guarantee to the buyer relating to genetic conditions.
2. Nothing contained herein should be construed to relieve the parties from complying fully with all the rules and policies of the Association relating to genetic conditions generally or individually.

MISCELLANEOUS

1. The above terms and conditions of sale constitute a contract between the buyer and the seller of each animal and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2. Neither the American Angus Association nor any director, officer, employee or representative of the Association or any of its related entities assumes any liability, legal or otherwise, in connection with any sale or transaction conducted under the terms of the Suggested Sales Terms and Conditions. Nor shall the American Angus Association, its directors, officers, employees or representatives assume any liability or be responsible in any way for enforcing the terms and conditions of any agreement between buyer and seller.

3. Neither the sponsor or sponsors, the sale manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

4. These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale of the animal or animals occurs, without giving effect to such state's choice of law rules.

UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF ANGUS CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.
